Art Apps & Online Assignments

Topic: Free Art Apps available from IOS and Android

1. Pottery.ly 3D Ceramic Maker:(create your own unique sculptures)
2. Pics Art Color Paint (customize brushes and colors to design digital illustrations)
3. Pixlr (photo editor with image tools and filters)
4. Canva (graphic design platform to create social media, posters and more)

Essential Questions

Prompt 1:

How does creating/designing on an art app feel different than traditional 2D/3D art creation?

Prompt 2:

If you were to recommend your favorite feature in one of these art apps, what would it be?

Prompt 3:

Is there an aspect of real-life creation that is more fulfilling than designing online or on your phone?

Interactive Assignments

Task 1:

Design an image using one of the apps to reflect how this pandemic has affected you.

Task 2:

Create a design to represent a social justice theme that is important to you.

Task 3:

Produce an abstract file representing one of the principles of design for example: balance, contrast, emphasis, movement, pattern, rhythm or unity.
